

The open and shut cases for Blockout Shutters

There are many roller shutter companies who will probably promise you everything we do: strength, security, heat and cold protection. But, what else do they offer you?

Blockout Roller Shutters are always researching and developing their product range to deliver above expectations of their customers.

1. We have designed a rigid interlocking and dual locking system which makes our shutters the strongest on the market.
2. Our custom made shutters can be built into wall cavities or designed to blend in with other features of your home.
3. Glass roofs, shaped windows, picturesque views, valuable possessions....the list goes on, Blockout have shutters that will suit your installation, environmental and security requirements.
4. Blockout Shutters are manufactured to the highest industry standards and are thoroughly factory tested before your installation.

Call us today on 02 9725 3477 to arrange a free quote or visit www.blockout.com.au for further information on our versatile product range.
